MAKING MOBILITY AFFORDABLE

We are committed to getting you what you want and need.

As a valued Mobility Customer, you will enjoy our unwavering dedication, craftsmanship, attention to detail, and service. We proudly offer vehicles that provide comfort and utility. the comfort and utility you expect.

We are the fastest growing Mobility Conversion Company in America.

Affordability can only carry a brand so far. Customers expect higher quality, better service, faster turnaround times, and a company that stands behind their product. That is the Metro City.. Since our inception, Metro City has delivered on all fronts. It takes less time and less money to receive the finest quality, most dependable, safest, and most comfortable vehicle from MC than from any other conversion van manufacturer.

Metro City Van Exclusives

- INDUSTRY EXCLUSIVE: Vehicle reinforcement with welded steel cap bumpers
- Proprietary hydrophobic super-viscous undercoating
- 58" height (exceeding 56" ADA requirement)
- Supersized inside tub measures 102" long x 34" wide; the widest available space on a Dodge Caravan. (Most conversions only offer a 32" wide tub.)
- Custom aftermarket Transfer Flow fuel system with 3-year/60,000 mile warranty
- Custom undercarriage reinforcement system and reinforced rear bumper assembly
- The widest and most accommodating ramps in the industry
- Triple seam design welding for maximum strength and support

More Metro City Standard Features

- Accommodates up to 7 passengers
- 3-year/36,000 mile conversion warranty
- All vehicles include seat belts and tie downs
- Unique ramp securement system for a quiet, comfortable ride
- Q'straint retractable tie downs included
- Commercial grade flooring and ramp for ease of entry and traction
- All parts powdered coated for superior corrosion protection

More Metro City Standard Features

- New firewall and quiet exhaust system
- Lightweight aluminum ramp with cut outs for mud and snow
- Can accommodate 2 wheelchairs
- Includes middle row passenger seating, straps, and tie downs
- Optional second row seats include a choice of OEM remounts or Freedman aftermarket high-back seats. The aftermarket seats allow for a standard wheelchair placed in the forward position.
